

AT THE TABERNACLE.

AN EXHIBIT SERVICE OF GLASS AND HOPE.

The "Hawian Star," Dec. 9.—This afternoon Rev. W. H. Williams preached to a large audience in the Brooklyn Tabernacle. The service was one of the most successful of the season.

With 30 kings drunk in one tent this afternoon, the service was one of the most successful of the season. The "Hawian Star," Dec. 9.—This afternoon Rev. W. H. Williams preached to a large audience in the Brooklyn Tabernacle. The service was one of the most successful of the season.

There have been many in our day who have ventured the opinion that Christianity is falling back, and that in 50 years it will be extinct. They found their opinion on the assumed fact that the Bible is not enough of a book to stand the test of time.

A POPULAR BOOK.

I go through the contents of the country. Wherever I find a Bible, I find a clerk's desk. I find the Bible. By what other book would they take solemn oaths? What is very apt to be among the people's possessions? The Bible. When they are put in the trunk of the young man when he starts for city life? The Bible. Voltaire predicted that the Bible would be obsolete in the nineteenth century. The fact of its becoming obsolete, but I have to tell you that that room—the very room in which Voltaire wrote that prediction—some time ago was a room for the sale of Bibles for Switzerland.

Suppose the congress of the United States should pass a law that no Bibles should be printed in the United States. If there are 30,000,000 grown men and women in the country, then there would be 30,000,000 people armed against such a law. But suppose the congress of the United States should pass a law that Macaulay's history or Charles Reed's novels should not be read. Could you get half as large an army or the fourth as large an army? In other words, there are, as you know and I know, a thousand men who would die for their Bibles where there are not one who would die for any other book.

But, say those who are antagonistic, "Christianity is falling back, from the fact that the church is not as much respected as it used to be and is not as influential." I reply to that with the statistics that the denomination—the Methodist church—according to a statistic given me by one of their bishops, declines on an average a new church every day of the year. Three hundred and sixty-two new churches in one denomination in a year, and over a thousand new churches built every year in the country. Does that look as though the church were falling in its power and were becoming a worn-out institution? Around which institution in our communities are the most ardent affections—the post office, the hotel, the courthouse, the city hall or the church?

Why, when our old Tabernacle was burning there were hundreds of men standing in the streets who never went to church, less running down their cheeks. It is because the church is not as much respected as it used to be and is not as influential." But our antagonists go on and say that infidelity is falling back, in the fact that infidelity is louder now and more blatant than it ever was. I deny the statement. Infidelity is not less so today than it was in the days of our fathers and grandfathers. There were times in this country when men who were openly and above board infidels and antagonists to Christianity could be elected to high office. Now let some man wishing high position in the state proclaim himself the foe of Christianity and an infidel, how many states of the Union will he outstep how many counties how many wards in Brooklyn? Not one.

FROM QUANTITY TO QUALITY. All my friends, infidelity in this day is not half as bold as it used to be. If it comes now, it is put to rest under the disapproving glances of the community. I know if a man with some intelligence does become an infidel and begins an attack on Christianity it makes great excitement—of course it does, and people come to the conclusion, weak minded Christians come to the conclusion, that everything is going overboard because some man of strong intellect assaults Christianity.

He man jumps overboard from a Cuneid canoe, he makes more excitement than all the 200 men jumping who continue to the bottom or on the docks, but does not

they think. There is a great deal of infidelity in the world, but it is not half as bold as it used to be. If it comes now, it is put to rest under the disapproving glances of the community. Tons & Tons of NEW GOODS

have been pouring into our Store and Warehouses the past few weeks. Ex. barks "Paulsenberg" and "J. C. Pfluger" from Europe, and the different steamers and sailing vessels from San Francisco. Our stocks of heavy goods, such as Black and Galvanized Chain, Galvanized Sheet Iron, Sheet Zinc, Pig Lead, Sheet Lead, Lead Pipe, Lump Chalk, Shot, Bar Iron, Etc., have never been so large and complete as it is today.

Wire—Our stock on 4-5-6 black and 4-5-6-9-12 galvanized is very large, and we claim it is as fine a lot of wire as ever came to the country. However, we don't ask you to take our word for it, you don't wish to, just come in and we will let you out a piece of it in any coil and put it in our big vise upstairs and you can twist it, bend it, tie knots in it, and test it to your heart's content, and after you have done this and asked the price of it you will be pretty sure to buy some.

Galvanized Buckets and Tub-Sauce Pans, Tea Kettles, B. Bluing, Crown Soft Soap, Fire Clay and Day & Martin's Shoe Blacking we have plenty of now, and our stock of Galvanized Flexible Steel and Iron Wire Rope is complete from 3/4 to 4 inches. Hubbuck Boiled and Raw Linseed and Castor Oil and Oxide, Colza Oil and Stockholm Tar, all came by the "Isenberg" in fine order and are offered at low prices. Now is the time to have your Coffin trimmed; the hundred sets of "Coffin Furniture" just received are going off like "hot cakes."

The new "Pumping Plant" works well and you can get all the water you want, so you want one of our new Lawn Sprinklers. It is the best Sprinkler ever sold here, no parts to wear out, as it does not revolve, and is good for either light or heavy pressure of water.
